## Career Objective

---

A motivated and detail-oriented Computer Engineering graduate seeking an entry-level role to apply my knowledge of web development and contribute to impactful projects in a dynamic organization.

## Education

---

2021 – 2025

**B.Tech Computer Engineering**

Ahmedabad, India

*Aditya Silver Oak Institute of Technology*

I am recently graduated in B.Tech ☑ computer engineering from Aditya silver Oak institute of technology with a strong foundation in front-end development.

## Skills

---

### Technical skills

Frontend : React.js, Javascript, HTML5,CSS3

Backend: Node.js, Express

Database : MYSQL,MongoDb

Tools : VsCode, GitHub, vercel

## Projects

---

### Gamestream

*Website*

I developed a Gamestream web application during my internship. The platform allows users to explore games and purchase their source code.I used HTML,CSS,JS, React.js, Node.js and MYSQL for creating this website.

### Fitness Chart

*Website*

Our health-focused website offers a simple yet powerful BMI Calculator to help users understand their body weight category. Based on the results, it provides a personalized diet chart to guide healthy eating habits. The platform promotes wellness, fitness, and balanced living through accurate data and tailored recommendations.
